Dear Simon,

WaterAid Australia would like to confirm we have received financial donations from Who Gives A Crap over the past five years to support our work in Papua New Guinea, Timor-Leste and Cambodia.

I confirm that over this time, and as at the date of this correspondence, a total of \$1,125,000 has been received by WaterAid Australia from Who Gives A Crap.

Thank you so much Simon and the team for your continued commitment and contribution to WaterAid on behalf of the communities we serve to provide safe water, improved sanitation and hygiene.

We are very grateful for your ongoing financial support.

Warm regards
